## Welcome to Sunny Day Farms!

Our current farm animals come from all walks of life and places around the country. Though many different types of animals now reside at Sunny Day Farms, they all share one thing in common... they were in need of sanctuary. Whether their owners could not properly care for them anymore or they were abandoned by those they once depended on, the animals of Sunny Day Farms now have a place they gladly come home. Our horses, pigs, chickens, ducks, geese, cattle, pigeons, sheep, turkeys and more live a safe and healthy life thanks to the staff of Sunny Day Farms!

Come visit these wonderful animals at our special events, or schedule a field trip or birthday party and enjoy the animals of Sunny Day Farms in an educational and fun filled day of adventure - farm style!

Our barn doors are open wide to welcome you and your students to Sunny Day Farms! Create a memorable experience for your whole class with a day of agricultural fun and learning! Call us today to schedule a field trip or for more information at (830)762-9000 or contact us through our website!

NOW BOOKING FOR 2009 - 2010 SCHOOL TOURS!
